INFORMATION DISCLOSURE STATEMENT

Dear Sir:

In connection with the above-identified application, Applicants hereby attach U.S. Patent Office form PTO-1449, including copies of the prior art references listed therein. These references were cited in the specification and/or the International Search Report dated April 5, 2005 of the corresponding PCT patent application. Enclosed also is a copy of the International Search Report. Where available, English Abstracts or counterparts are being provided for the convenience of the Patent Office. Copies of the U.S. Patent References/Publications are not being provided. The claims in the present application are believed to be patentably distinguished over these references.

This information disclosure statement is being made pursuant to the duty of disclosure imposed by law and formulated in 37 CFR §1.56(A). No representation is made that the information thus disclosed in fact constitutes prior art or that it is the closest prior art, inasmuch as 37 CFR §1.56(A) relies on a materiality concept which depends on subjectivity.
